

Industrial Pretreatment Committee Report - November 24, 2015

Alice Ohrtmann – Committee Chair

IWEA's Industrial Pretreatment Committee (IPC) has two goals:

Education – Verbal and written information regarding the Industrial Pretreatment Program, industrial waste management, and general environmental & technical topics.

Networking – interaction amongst pretreatment program managers, regulators, consultants, operators, technicians, and educators.

The annual IWEA/IWWSG Joint Dinner was held on February 11, 2015. The speaker was Tim Loftus, PhD, Chicago Metropolitan Agency for Planning. Mr. Loftus spoke on 'The Status of Water Resources in Northeastern Illinois.' There were approximately 60 in attendance at the dinner. The 2016 Joint Dinner is scheduled for February 10, 2016.
