

**PLANT OPERATIONS COMMITTEE**

**COMMITTEE REPORT**

**April 9, 2018**

**2018/19 Committee Goal**

The goal of the committee this year is to provide activities and events geared toward operators and industry professionals involved in plant operations. We will do this by organizing a Plant Tour and Workshop and an Operators Challenge for the Annual Conference. As the operator certification and continuing education requirements are promulgated, our committee will review its capacity to provide leadership in relation to education activities. We will also support the Clarifier with articles.

**2018/19 Committee Members:**

Below is a list of active committee members as of April 9, 2018.
