17th Annual Golf Outing & After Party Cancellation Sponsorship/Donation Request

Based on public health recommendations to limit large gatherings and the uncertainty from the golf course on when they will reopen for play, we have decided to cancel the 17th Annual Golf Outing & After Party which was to be held at the Links at Carillon on June 5th. This was a difficult decision, but we believe it is the best way to protect the health and safety of our attendees. Given the speculative nature of when this crisis may be over, and the domino effect on everyone's schedules, the 17th Annual Golf Outing & After Party will not be rescheduled.

The Annual Golf Outing is the major fundraiser for the IWEA Scholarship and Charitable Giving Fund supporting the following scholarships and awards programs:

- Clean Water Scholarship - college students planning careers in water environment field.
- Environmental Career Scholarship - high school seniors in sciences or engineering.
- Sylvanus Jackson Scholarship - SIUE's Environmental Resources Training Center.
- Clean Water Awards - junior high/high school science fair winners in State Science Fair.
- Stockholm Junior Water Prize – high school water research projects selected by IWEA to compete in national competition.

IWEA would like to continue awarding scholarships in upcoming year. Therefore, the Golf Committee is requesting support of all our past, appreciated corporate sponsors and welcome any new sponsors, including individuals to donate to the scholarship fund.

There is no set sponsorship amount this year and any amount would be appreciated. All corporate and individual sponsors will be listed on the IWEA website, the IWEA newsletter and IWEA eBlasts.

Support of the scholarships and awards program can be done at the following link:
